

**M**cLennan Group has a wide range of experience working for hotels, leisure and conference premises. Whether it's a straightforward repair to lights that don't work or the full installation of new heating and electrical services, our specialist knowledge of hotel and conference premises means we can help you to get your projects delivered and your equipment maintained to the highest standard.

*As a facilities or hotel manager you want to ensure that the contractors you work with understand your requirements. You also want them to have the qualifications, experience and necessary skills to carry out work on hotel premises. The McLennan Group can give you this assurance.*

### **BENEFITS FOR HOTELS, LEISURE & CONFERENCE FACILITIES OF WORKING WITH MCLENNAN GROUP**

➤ **Enhance Your Guests' Environment**

We provide a full range of services for guests, delegates and staff, helping you to deliver the very best service for your clients.

➤ **There When You Need Us**

Ensuring everything is well managed and reactive maintenance is carried out quickly to high standards.

➤ **McLennan Online Portal**

You can quickly and easily keep up to date with all the jobs you have outstanding. Find out when engineers are scheduled on site, as well as have a single place to manage all your compliance documents and more.

➤ **A Single Point Of Contact**

Providing complete contracts covering electrical, mechanical and building maintenance needs. We can help hotels, leisure and conference facilities get the right level of service for all guest premises.

➤ **All Building Services Covered**

We can carry out new installations, emergency repairs and full fault finding. We also carry out planned preventative maintenance, repairs and servicing for both electrical and mechanical requirements.

➤ **Compliance Covered**

Let our compliance department help you ensure that all your regulatory requirements are met. We help you schedule and carry out any necessary monthly, quarterly and yearly checks.

## YOUR TRUSTED BUILDING SERVICES PARTNER

By providing a single point of contact for your complete building service needs, our team of highly skilled, and well-trained engineers have the professional manner you require. All our staff are DBS (CRB) checked and fully insured and licensed to work in your hotel. All our staff have company branded vehicles and clothing, so they are easily identifiable on your site. McLennan Group is experienced in dealing with the sensitivities of working in hotel, leisure and conference environments.

*Help With Future Plans—we can offer free advice, as well as help with designs and quotations for any electrical and mechanical projects you might be considering in future years.*

## WHY HOTELS, LEISURE & CONFERENCE FACILITIES TRUST MCLENNAN TO DELIVER THEIR BUILDING SERVICES.

- 01 Safety First Approach
- 02 High Quality Customer Service
- 03 One Stop Shop
- 04 Responsive Turnaround
- 05 Extensive Experience
- 06 Full Qualified and Accredited Engineers

## FITTING AROUND YOUR GUESTS' NEEDS

McLennan Group understands the unique requirements of hotel, leisure and conference premises to provide consistent services to guests & delegates. The last thing you want is to have your rooms or facilities disrupted by site work which is why, if possible, we schedule work to take place at the best times to fit around your peak and quieter times. Any essential work done at other times is carried out with minimum disruption to your guests.

## ABOUT MCLENNAN GROUP

Established from the ground up by highly qualified and experienced professionals, The McLennan Group is an electrical and mechanical service provider which offers a wide range of specialist services unique to the requirements of each client. You can now outsource all your building service needs because McLennan's fully qualified engineers will take care of everything. McLennan promises to be there, whenever you need us!
